

Andy Brooks Flores

Community Liaison, Enlace Comunitario

Bio Andy is a Montbello Alum and has continued to hone her leadership skills and team player mentality into her college success and professional career at GH Phipps. Andy served on student council at Montbello High School all four years (2008-2012), so when conversations started about breaking the school up into feeder schools, she was present and engaged. She attended the board meetings with DPS and Alumni to voice concerns and to hear what others were thinking. She is excited to see this project complete its vision to restore the school to its original beginnings as a comprehensive High School and sees it as an **opportunity to reestablish school pride for the community, alumni, and staff.** Throughout her four years at Montbello, she was involved in track and volleyball. To this day she still keeps in touch with Coach Gayland Allen. While at Montbello, her connection with Officer Henry opened the door for an internship with the City and County Jail Probation program. **Andy is also actively involved** with United Way and volunteers for their Food Bank of the Rockies, **located in Montbello and serving the Montbello community.**

City and County of Denver Work Force Development

On the Freyer-Newman Center project and currently for the Denver Central Library Renovation Andy is involved with the **Work Force Development program** implemented by the City and County of Denver. She coordinates with the City and with all trade partners to implement the programs goals, policy and tracks the results.

Relevant Experience

Denver Central Library Renovation

City and County of Denver
\$ 40 million | Infrastructure Upgrades | Occupied Campus
Andy is a vital member of the City and County of Denver Work Force Development for this project.
